

To Belgian Judo Clubs,

After consultation with the Belgian Judo Federation we came to the following solution for an individualization of the judogi for the Belgian athletes and the clubs:

Each athlete is responsible for his own personal backnumber. It is the original EJU/IJF backnumber what has to be ordered at mybacknumber.com. The athlete has to sew it on his judogi. If athletes are wearing a Backnumber at the provincial, regional and Belgium Championships (youth and seniors) and Interclub, it has to be the original EJU/IJF backnumber. This Backnumber is mandatory for the Interclub 1st division.

The Belgium Judo Federation will allow an extra part of fabric that will be sewn exactly under the EJU/IJF backnumber.

Belgium clubs have the chance to order these additional pieces of fabric and include an individual print. This print can be the club name or the club logo or a combination of both. The design is free, so there can also be a sponsor included.

If the Judo clubs are interested in this option the club can send a vectorized graphic to service@mybacknumber.com and order the additional pieces. The price for these products is 5,95 € (net) and the minimum quantity is 20 pieces.

The production time is normally around 14 days. For the beginning we give the option to collect orders till Wednesday 29.09.2010 - 12:00 o'clock. Evers correct order with datafile what is received till then will be produced extra fast and shipped soon. The clubs can use it for the tournaments on the upcoming weekend (08./09.10.1020)

Please use "Club-Order for Belgium" in the subject

Best regards
